## Advantages of Digital

### Paperless – Zero Labor – Interactive – Live Information – Anywhere

Allows employees to focus on innovation rather than labor-intensive, repetitive efforts.
Information is current, synchronized and files updated automatically.
Collaboration is virtualized with employees and teams contributing from anywhere, anytime.
Dive deeper into performance gaps and root causes.
Runs on all your devices.

## The Power of the Information Aggregator

### All in One Place – Unlimited Sources – Total Visibility – Drives Action

Organize everything important in one place and link KPIs, Activities, Alerts, Messaging, etc.
Sources include Excel, PowerBI, KPIs, web pages, videos, video streams, PDFs, apps, HMIs …
Real-time connectivity to MSSQL, databases, machines, IoT sensors and business systems
Out-of-the box metrics and dashboards
Personalization makes it easy to find what you need and customize the way you want to see it.
Intelligence highlights what's most important now.
Alerts draw attention to problems and performance gaps.
Share dashboards, videos, documents, and know-how.
Communicate announcements to targeted teams or your entire workforce.
Know the status of work from start-to-finish – a digital trail of every action taken is maintained.
Workflows provide guidance and escalation rules drive accountability.
Build culture – praise employees for a job well-done!
